TRILLIUM INTERNATIONAL SCHOOL REQUIREMENTS FOR ADMISSION

Admission to Trillium International School is based on specific requirements that are to be submitted at registration. On receipt of all required documents, the School Administration is responsible for examining the information submitted to determine the eligibility of each student.

Registration does not automatically mean admission to the school.

At registration, the following items are required (where applicable):

1. Complete Transcripts or Achievement Reports for all Terms or Semesters from the last 3 years of schooling.
2. Recommendation from the last school principal, in a sealed envelope.
3. Educational/Psychological Assessment.
4. Health information for special circumstances, e.g. severe allergies.
5. Copy of Birth Certificate or Passport.
6. Photocopy of up-to-date Immunization Card.
7. Two passport size photographs.
8. Administration fee of \$200.00 TT (non-refundable).

After all required documents are received at the school, the School Administration will review the contents. Parents will be advised if the student is officially admitted to Trillium International School.

The student's records are important in determining their eligibility to be admitted, as they will help us determine if the student will benefit from the Educational Program offered at the school.

Admission to Trillium International School is also determined by the applicant's potential to succeed in a learning environment where the expectations for academic success for each student are high, and the expectations for student behaviour are also of a high standard.
